

EDGERTON PARK COMMEMORATIVE SEATING

Celebrate someone you love with Edgerton Park Conservancy's commemorative seating program. The gift of a bench provides support for the care and maintenance of a beloved, historic park.

Designed for the 1939 World's Fair, Edgerton Park's benches are constructed of ipe wood and cast iron and feature iconic circular armrests. The Conservancy will install a plaque along the backrest with a message of the donor's choosing.

A bench is a wonderful way to remember or honor a loved one, or share as a meaningful gift for a birthday, anniversary, or graduation. Benches may be endowed for \$10,000 and locations are limited.

We look forward to working with you. Please contact us at info@edgertonpark.org for more information.
