

EDGERTON PARK COMMEMORATIVE TREE PLANTING

Celebrate someone you love with Edgerton Park Conservancy's commemorative tree planting program. The gift of a tree helps preserve the park's living collections.

Completed in 1909, Edgerton Park's historic planting plan included nearly 30 species of deciduous and evergreen trees. Today, the Conservancy has expanded the collection to include species that are native to the northeast and are climate adaptable.

A tree is a wonderful way to remember or honor a loved one, or share as a meaningful gift for a birthday, anniversary, or graduation. Trees may be endowed for \$5,000. Options for species and locations will be provided by the Conservancy.

We look forward to working with you. Please contact us at info@edgertonpark.org for more information.
